Description

Description:

Dermobiane laboratory PiLeJe may be recommended to strengthen key functions of the dermis and skin appendages (hair & nails). Hair as nails reflect our overall condition. Like any living cell, they need to be nourished by specific nutrients. Dermobiane hair nail is source:

- Cysteine, an amino suffering present in the keratin which is the main component of hair and nails acid.
- Taurine to improve the bioavailability of cysteine.
- Silica, to enhance hair strength and nails and a plurality of micronutrients (vitamins B, zinc, copper, selenium).

Use:

2 capsules per day, to swallow. Duration of treatment: 20 days
