Description

Description:

Like all organs, the skin needs specific nutrients and micronutrients.

Dermobiane Age Protect is a dietary supplement based on:

>borage oil and pomegranate extract;

>trace elements (zinc, manganese, selenium) that help protect cells against oxidative stress ;

• Zinc helps maintain normal skin.

• Manganese contributes to the normal formation of connective tissue.

>Porphyral HSP ® , an ingredient patented by PiLeJe.

When is it advisable?

Dermobiane Age Protect will be recommended to help maintain normal skin.

Use:

3 capsules a day, swallowed with a glass of water.

Duration of the supplementation: 20 days.
