### Description

#### Description:

Dietary supplement containing 4 microbiotic strains assayed 10 billion per capsule. It relieves the intestinal disorders and contributes to the strengthening of intestinal flora. A mix of four strains :

- Bifidobacterium longum LA 101
- Lactobacillus helveticus LA 102
- Lactococcus lactis LA 103
- Streptococcus thermophilus LA 104

Gluten free and lactose free.

Strains Lactibiane Reference were carefully selected for their physiological effects and are completely safe.

Probiotic strains Lactibiane Reference are certified GRAS (Generally Regarded As Safe) and deposited in the National Collection of Cultures of Microorganisms of the Pasteur Institute.

#### Use:

1 capsule daily swallowed with a full glass of water. To be taken before a meal. Complementation of a month.
