Description

Description:

Providing an intake of 14 mg of iron, one Oligobiane FeCu capsule covers 100% of the RDA* of iron. This product also contains copper, which supports the normal transport of iron in the body.

Iron supports the normal formation of red blood cells and haemoglobin.

It also supports a normal energy metabolism, reduces fatigue and supports the normal functioning of the immune system.

*RDA: *Recommended Daily Allowance

When is it recommended?

Oligobiane FeCu is intended for people with an iron deficiency.

Use:

Swallow 1 capsule per day, at mealtimes. Avoid taking with tea.

Duration of supplement: 3 months
