Description

Description:

Pregnazon Complete is the ideal formulation, providing all the essential vitamins and minerals together with DHA & EPA rich Omega-3 for optimum brain and eye development. It is specially formulated and carefully balanced to provide the recommended daily intake of Folic Acid and Vitamin D, along with 19 other beneficial nutrients which offer optimum nutritional support for all stages of pregnancy and early motherhood. Pregnazon Complete is an ideal supplement from pre-conception, through pregnancy and breastfeeding.

Pregnazon Complete Capsules should be taken as a pre- and post-natal vitamin and mineral supplement. It is ideal from pre-conception up until the end of your breast-feeding period. Start taking Pregnazon Complete capsules even before conception (if possible), as it is high in Folic Acid, Iron, Vitamin B12 and Zinc. Continue throughout the gestation and the breast-feeding period to help supply the extra nutrients needed for the mother and the growing baby.

Yeast free, Gluten free, Wheat & dairy free, Artificial colours free, Preservatives & Flavourings free.

Use:

Two capsules daily with a main meal. Do not exceed recommended daily intake unless advised by a suitably qualified person. Pregnazon Complete should preferably be taken on a full stomach.
