### Description

Gluten intolerance and sensitivity is a wheat-related disorder. Typical symptoms include stomach pain, gas and bloating after eating foods that contain gluten, such as, wheat, barley, and rye.

Provida Gluten Support is an advanced formula containing peptidase DPP-IV in addition to other essential enzymes that support the digestion of foods containing gluten and casein, and prevents the discomforts associated with gluten intolerance.

### Features:

- No preservatives and coloring agents
- Free form sugar, sodium and potassium
- Gluten free
- Suitable for vegans as well as vegetarians

### Use:

## Provida Gluten Support

---

Take one or two capsules of Provida Gluten Support daily with any beverage, preferably before meals.
