Description

Description:

Puressentiel Anti-Lice Lotion eliminates the lice, nits and eggs in all security. Its 100% natural formula, free from neurotoxic insecticide, combines vegetable oil (coco, calophyllum, jojoba...) that act in a mechanical way to block the breathing holes of the lice, eggs and nits, and essential oils (Lavender, clove, geranium...) with soothing and antiseptic virtues, ideal to soothe the scalp's irritations.

Effective from the first application and active after 10 minutes, it has a mild formula and leaves hair soft and shiny. The spray form is easy to use and handy. Fresh fragrance, can be used in asthmatic children and from the age of 3.

Use:

Spray generously to dry hair, in order to get a complete impregnation. Let stand 10 minutes, wash hair and pass the comb through hair to remove the dead lice, nits and eggs.

Long hair: 1 bottle = 1 person.

Medium to short hair: 1 bottle = 2-3 persons.
