### Description

**Description:**

PuresSENTIEL Slimness Dry Oil with 18 Essential Oils contains a powerful combination of 18 pure and natural essential oils to help thin and desinfiltrate silhouette, erase captons, firm and tone skin.

The 18 essential oils of this hydrating dry oil have lipolytic, subcutaneous desinfiltrative and microcirculation stimulative properties. They help invigorate skin, fight against the water retention and fight against orange peel. A complex formulation with strong concentration (10%) enables the 18 essential oils to release their active ingredients at the same level that the treated area, in order to combat longlastingly and effectively against captons, even if it is already set. This essential oil base is completed by a base of vegetable oils and plant extracts (Jojoba oil, Macadamia oil, Fennel and Grape Pips oily extracts, Camomile oily extract, Rice and Bran oil, Hazelnut oil, Achillea Yarrow, Vitamin E). The texture of dry oil is thus particularly pleasant and leaves deeply nourished and hydrated skin. Its nonfatty texture penetrates very easily and does not leave any stain (Always wait a few minutes in order to let the skin absorb well before getting dressed).

Result : skin is invigorated, refinds a better softness and elasticity, orange peel blurs. You can see the results.
