Description

Description:

This serum with hyaluronic acid and plumping collagens fills in all types of wrinkles around the eyes and lips. It contains corrective pigments to brighten areas of shadow and its cryo-applicator provides an extremely refreshing massage and contributes to its smoothing effect. Your eye contour area is brighter and seems more youthful, your lip contours are redefined.

Use:

Use morning and/or evening, on its own or before your usual care product.

Apply the texture with your fingertips.

Use the cryo-applicator: work around the eyes 3 times, then smooth wrinkles as if you were “ironing” them out. Smooth the lip contour by working around the lips twice.
