Description

Description:

Saugella Dermoliquide is a cleansing emulsion composed of natural extracts, bringing a sensation of freshness and well-being during the intimate cleansing.

This soap-free gentle cleanser care is perfect for the intimate and body cleansing and for the hygiene of sensitive skins (for infants).

The Saugella emulsion has softening and soothing properties thanks to its Sage, and a natural balance power thanks to the presence of Lactic Acid.

Thanks to its physiological pH it preserves the intimate balance.

Paraben-free. Phtalate-free. Soap-free.

Use:

Shake before use. To use like a liquid soap. Rinse thoroughly with water.
