Description

Sinsational Smile Snore Defense advances the mandible (lower jaw) when in place, and the increase in vertical bite, assists in creating more airway space - thus, it is useful in the diagnosis as well as treatment of snoring.

Benefits:

- Stop snoring tonight
- Get a better night's sleep
- Reduces snoring in 86% of patients
- Anti-snoring guard positions lower jaw slightly forward during sleep
- One size fits all.

Features:

- Fast: stop snoring tonight

- Easy: gently place in mouth
- Comfortable: soft and pliable
- Affordable: take one home today
