Description

Description:

Smart Sticks contain high-quality, good-tasting glucomannan extract of 95% konjac flour. Glucomannan is a vegetable fibre obtained from the root of the tropical aroid "konjac" (*amorphophallus konjac*). Structurally, glucomannan is an amyloid substance of branched carbohydrate chains. American clinical studies prove: the konjac root has the sensational quality of being able to sate the user and support a reduction in weight. Glucomannan is considered as precious dietary fibre. It has the ability to steep water into a gelatinous substance. A process similar to the one happening in the stomach where it leads to a feeling of satiety. An effect to profit from with our glucomannan capsules. Simple consumption by individually removable sticks - fits into any handbag and is also great takeaway. Sufficient for 20 days daily 3 times consumption. Delicious, refreshing mango flavor. Contains green tea, a known fat burner. Glucomannan contributes under a low calorie diet for weight loss at.

Use:

Take 1 stick 3 times daily with 250ml cold water 15 min before regular meals. Drink one additional glass of water afterwards.
