Description

Splat Kids is an effective, 98% natural and safe to swallow children's toothpaste for total protection against tooth decay and intense strengthening of tooth enamel and gum care. Splat Kids products make brushing fun for children and teach them to brush teeth in an easy and funny way. Its effectiveness has been clinically proven.

Free from:

Mint, fluoride, parabens, SLS/SLES, triclosan, chlorhexidine, aggressive abrasives, synthetic dyes and fragrances, alcohol, peroxides, alcohol ethoxylates, saccharin, GMO, gluten, refined petroleum products and allergens.

Made in Russia

Use:

Teeth should be brushed twice a day after meals. Children are recommended to brush their teeth in the presence of an adult, using a pea-sized

amount of toothpaste.
