Description

**Description:**

Splat Kids is an effective, 98% natural and safe to swallow children's toothpaste for total protection against tooth decay and intense strengthening of tooth enamel and gum care. Splat Kids products make brushing fun for children and teach them to brush teeth in an easy and funny way. Its effectiveness has been clinically proven.

LUCTATOL effectively protects against cavities and dental plaque. Calcium hydroxyapatite (HAP) effectively strengthens enamel. Aloe Vera Gel, L?Arginine and Red Grape seed extracts help to keep gums healthy. L?Arginine fosters blood circulation and normalises pressure. Together with calcium?containing agents they significantly reduce teeth hypersensitivity. Aloe Vera gel has an anti?inflammatory effect. Grapeseed extract effectively protects from caries, has an antibacterial and antioxidant effect.

**Free from:**

Mint, fluoride, parabens, SLS/SLES, triclosan, chlorhexidine, aggressive abrasives, synthetic dyes and fragrances, alcohol, peroxides, alcohol ethoxylates, saccharin, GMO, gluten, refined petroleum products and allergens.

## Splat Kids Natural Toothpaste

---

Made in Russia

### **Use:**

Teeth should be brushed twice a day after meals. Children are recommended to brush their teeth in the presence of an adult, using a pea-sized amount of toothpaste.
