### Description

**Description:**

- Tightens skin surface and visibly firms the delicate eye area
- . Restores contour for a more youthful appearance
- . Revitalizes and hydrates skin with a cooling applicator
- . This potent eye serum is formulated with botanical tensors to visibly tighten skin surface around the entire eye area. The cooling applicator gently massages and reduces the look of under-eye puffiness as caffeine helps revitalize and awaken eyes. With continued use, eye contours look firmer and smoother for a more youthful appearance.

Use AM and PM on clean skin. Gently glide cooling metal applicator around eye area – below eyes, at outer corners and over eyelid. Lightly pat excess with fingertip until absorbed. For an ultra-cooling effect, refrigerate prior to use.
