Description

SVR Anti-Brown Spot Serum is the n°1 anti-spot in dermatological prescription. This Clairial Serum is a concealer for all skin tones corrects all types of spots and restores radiance.

SVR Anti-Brown Spot Serum

Moreover, clairial serum is suitable for all types of sensitive skin as well as for all types of brown spots caused by the sun, skin aging , pregnancy, imperfections or uneven skin tone.

SVR Anti-Brown Spot Serum offers a visible reduction in brown spots after two weeks. In addition, it prevents and limits the reappearance of brown spots, even the most difficult to correct. SVR Anti-Brown Spot Serum's refined texture is hydrating and its floral, woody fragrance is allergen-free for super-sensuous application! Apply as often as you like for amazing results!

Ingredients:

- 8% depigmenting complex: fades and reduces all types of brown spots and prevents their appearance
- 2% stabilized vitamin C: activates radiance, unifies the skin
- High molecular weight hyaluronic acid: instant hydrating effect
- “Soft focus” boron nitride: immediately smooths skin and blurs the appearance of brown spots and uneven color.

How to use it?

Apply SVR Anti-Brown Spot Serum morning and/or evening before your moisturizer. Hold the tube vertically and press down gently to deliver four doses of the serum. Apply to the face, décolleté and hands. Read the leaflet carefully before use.
