### Description

SVR Densitium Firming Moisturising Cream is an anti-ageing cream for mature skin that acts on the loss of firmness and deep wrinkles. Ideal for mature skins that show a loss of density and want to regain a youthful, firm effect, this cream will help prevent and mitigate wrinkles on the skin to look more hydrated and youthful.

Ideal from 45 years old, this cream with bio-calcium reactivates cellular cohesion, deeply restructures the skin and also reinforces support tissue by protecting collagen. Enriched with deep hyaluronic acid, it increases the skin's consistency and density, reduces wrinkles. In fact, its generous and silky-texture is non-sticky and pleasantly scented. Excellent make-up base. Thus, the skin is smoother, comfortable and moisturized.

SVR Densitium Firming Moisturising Cream firming formula strengthens skin, visibly reduces wrinkles and also redefines facial contours. Its light yet rich texture combines comfort with an instant refreshing effect.

## SVR Densitium Firming Moisturising Cream

---

Indeed your perfect ally to feel young inside and look good on the outside, suitable for normal to dry mature skin.

### Ingredients :

- Ultra-fragmented hyaluronic acid firms and redensifies the skin.
- Bio-calcium reinforces the skin barrier and fights sagging.
- Shea butter nourishes the skin.

### How to use :

Apply at mornings and evenings on the face and neck with circular movements, working upwards.
