Description

SVR Liftiane Lips&Eyes Contour is a facial treatment that mainly targets mature skin . It is a cream that acts on the fragile areas around the eyes and lips areas where the skin can be marked by signs of fatigue and aging . In fact, it reduces wrinkles, bags and dark circles, restores firmness and fights the signs of sagging skin related to age or living conditions. Indeed, the anti-wrinkle and firmness response that fights all signs of skin ageing for visible results from 7 days.

This eye and lip contour is made with anti-aging ingredients-powerful and highly concentrated. It contains in particular pure resveratrol of the latest generation, an antioxidant active which fights against free radicals and activates the proteins responsible for cell longevity. This eye and lip contour also combines two types of complementary hyaluronic acids that fill in wrinkles , plump and regenerate the skin.

From the first week, the skin is smoother and brighter.

From 1 month, the skin is firmer and denser, wrinkles are reduced.

Ingredients :

SVR Liftiane Lips&Eyes Contour is the combination of 2 ultra-powerful anti-ageing active ingredients with the highest concentration:

Pure Resveratrol of the latest generation:

- Powerful anti-oxidant to fight against free radicals
- Activator of sirtuins, proteins of cellular longevity, for a global anti-ageing effect

Two ultra-complementary hyaluronic acids:

- High molecular weight for immediate micro-filling
- Medium molecular weight for a regenerating effect

In addition, it contains a draining Peptide to reduce puffiness and dark circles under the eyes, for a refreshed and rejuvenated look, 100% respectful of sensitive skins. Finally, hydroxyproline and gluconolactone have pro-collagen properties, which smooth and refine the skin texture .

How to use :

Apply morning and / or evening to the eye and lip contour.
