Description

SVR Hydracid C20 Cream is a care to remedy to wrinkles, fine lines, dull and irregular complexion. It offers a global improvement of skin quality: smoother, re-plumped and unified, its radiance is revealed.

An anti-ageing care with strong antioxidant and anti-wrinkles action. This product provides immediate luminosity thanks to its high concentration of optimized vitamin C, and reduces wrinkles due to the hyaluronic acid in its composition. Plus, it also prevents ageing caused by tobacco smoke, UV rays and pollution.

SVR Hydracid C20 Cream protects the skin from free radicals and illuminates the complexion and hyaluronic acid, it re-plumps and also moisturizes the skin. Indeed, its velvety and melting texture leaves the skin soft. It has a gentle fragrance.

Main Ingredients :

- 20% Stabilized vitamin C with a strong antioxidant and regenerating action;
- 0,2% High Molecular Weight Hyaluronic Acid with anti-wrinkles action.

How to use :

Apply to the face, neck and décolleté in the morning and/or evening. Also an be an excellent make-up base, yet avoid the eyes contact.
