Description

Description:

Sweet'n Low sweetener is a low calorie sugar substitute that can be used in beverages, for cooking and for baking.

Features:

- One teaspoonful of sweet'n low is as sweet as one teaspoonful of sugar but with 2 calories instead of 20
- Dissolves instantly in hot or cold beverages
- Can aid weight control as part of a calorie-controlled diet
- May lose some sweetness if used during prolonged cooking, baking or canning at high heat applications.
- Made in UK
