Description

Description:

The Blue Lagoon shower hairbrush from Tangle Teezer's Aqua Splash range is the upright detangling hairbrush designed for the shower. Suitable for all hair types and textures, the Aqua Splash effortlessly detangles and evenly distributes oil, shampoo and conditioner through wet hair. It has a hollow centre to prevent water and product build up and uses the Tangle Teezer unique two-tiered system technology – the long teeth detangle and the short teeth smooth the hair cuticle for healthier-looking, glossy hair.

Simply hold brush in the middle and roll through the hair for free-flow detangling. Perfect to brush through shampoo to detoxify the hair and makes any conditioner feel like a salon treatment.

Features:

- Innovative and upright handy design with unique drying feet. Allow water to drain quickly after use
- Unique, ergonomic oval body ensures a firm, non-slip wraparound grip for ease of use in water
- Revolutionary convex teeth configuration delivers pain-free detangling. Distributes hair conditioners and treatments evenly
- Body and teeth are infused as one for a water rinsing, self-cleaning experience
- British Made
