Description

Description:

The pretty Magic Flowerpot Princess Pink children's hairbrush is the detangling hairbrush little ones love.

A fun flowerpot design which is small and easy to hold so children can brush their own hair, it can be used on wet or dry hair and is suitable for all hair types and textures. It banishes tangles and knots without tugging or pulling thanks to its unique two-tiered system technology – the long teeth very gently detangle and the short teeth smooth the hair cuticle for healthier-looking, glossy hair.

Complete with a cute pot for bobbles and clips and a pop out top for a personalised photo, it glides through the hair with ease, delivering soft, shiny, tangle-free hair - without the tears and tantrums.

British Made
