Description

Description:

If your child suffers from instability in their ankle, this can make you worry. Thankfully, there's an easy solution; the Thuasne Ligacast Junior Ankle Brace has two rigid side shells to stabilise and support the joint. The brace also has foam inserts so your child remains comfortable throughout use.

Indication:

-Ankle instability

Features:

- Two rigid side shells deliver firm support
- Height-adjustable heel strap
- Strap accommodates child's anatomy

Thuasne Junior Ligacast Ankle Splint

- Height adjustable so can be used over long period of time
- Comfortable foam inserts cushion your child's ankle
- Stylish white and blue design
- Precise Velcro adjustment of straps
- Straps allow the support to be tightened
- Available in one universal size to fit most children

Size indication:

Thuasne's Ligacast Ankle Support is available in one universal size. To find out if the brace can be used by your child, measure their height. The support can be used by children under 4'6" (140cm) in height.
