### Description

**Description:**

When your child is suffering from pain and discomfort in their neck, this can be difficult to deal with. The Thuasne Ortel C1 Junior Cervical Spine Support has been designed to support and immobilise their neck to help reduce pain in the area. The brace has a removable rigid insert to provide your child with adjustable support, helping them remain comfortable during use.

**Features:**

- Provides support to the cervical spine
- Removable rigid insert for adjustable support
- Has a height of 6cm
- Anatomically shaped to best support your child
- Rounded soft edges for additional comfort
- Uses a Velcro closure that can be precisely adjusted

- Removable solid insert
- Ideal for short-term wear
- Available in one size and can be adjusted

**Size indication:**

The Ortel C1 Junior Cervical Spine Support is available in one universal size to fit most children. The brace can fit a neck circumference of 24 - 27cm. To find out the circumference of your child's neck, hold their head in a steady position facing forwards and use a measuring tape to measure their neck circumference.
