Description

Description:

Finding a firm but comfortable wrist support can be difficult, and trying on countless braces isn't everyone's idea of fun. The Thuasne Ligaflex Classic Wrist Support provides you with a firm support yet is anatomically-shaped with a comfortable palm reinforcement. Designed with two-in-one straps, the Classic supports you evenly to ensure your wrist remains stable during use.

Features:

- Firm wrist support as a result of its reinforced palm
- Anatomically-shaped for a more comfortable fit
- Antibacterial 3D weave wicks away moisture
- Two-in-one straps for a more even support
- Comfortable palm reinforcement
- Lightweight and breathable material

Thuasne Ligaflex Classic Open Brace

- Wicks away moisture effectively
- Suitable for long-term wear
- Two-in-one straps for even support
- Available in four different sizes
- Available in left and right models
- Fabric keeps you feeling comfortable and dry
- Helps speed up recovery from injury

Size measurement:

The Thuasne Ligaflex Classic is available in four different sizes. To find your right fit, measure the circumference of your wrist and consult the table below.
