Description

Description:

Nutrisanté Ultrabiotiques Probiotics is a probiotic complex for children and adults.

Probiotics are living micro-organisms. The intestinal flora, the first barrier of the natural defences of the organism, ensure its numerous functions on the digestion and nutrients absorption and on the mechanism of the natural defences. Each capsule of Ultrabiotique contains 4 billion of actives lactic bacterium, which correspond to 8 billion of probiotics for 2 capsules, recommended dose.

Moreover, the probiotics Ultrabiotique are selected for their resistance to the gastric acidity and to bile salts and for their high power of adhesion to intestinal cells.

Ultrabiotique can be advised in case of :

- dose of antibiotic which degrade the flora
- unsatisfactory dietary hygiene

- a disturbed transit
- intestinal disorder in general
- repeated stress
- travel abroad

Use:

From 3 to 6 years : 1 capsule per day, open the capsule and melt it with a compote or a yoghurt.

From 6 years : 2 capsules per day (1 in the morning and 1 in the evening during the meal).

To renew if necessary.
