### Description

Uriage Depiderm Anti-Brown Spot Night Cream enriched with antioxidants and 3 different acids is designed to improve the skin's unification at night when fewer external aggression's are present to effectively fight against brown spots. An intensive night cream to effectively combat brown spots. Corrects brown spots and also gives uniformity and radiance to skin tone.

Uriage Depiderm Anti-Brown Spot Night Cream composition combines soothing, antioxidant, and active ingredients against brown spots, giving uniformity to the skin and eliminating imperfections due to discoloration. AHA & BHA gently exfoliate the skin and also stimulate cell renewal. The combination of 3 acids of different molecular sizes allows for complete action: fast and long lasting.

With Cx complex, an ultra concentrated solution with 20% anti-brown spot, soothing and antioxidant active ingredients, [Pea and sucrose extracts, Vitamin C, Uriage Thermal Water, Enoxolone], it corrects brown spots and evens out pigmentation. It is rich with AHAs to boost the exfoliation of pigmented epidermal cells.

### **Main Ingredients :**

-Cx complex (Pea and sucrose extracts, Vitamin C, Uriage Thermal Water, Enoxolone)- AHAs  
-Hypoallergenic Excellent tolerance Fragrance-free

### **How to use :**
