Description

Description:

Dry shampoo to refresh greasy hair and scalp between washes.

Specially developed for use between washes to refresh, volumise and cleanse hair and scalp made greasy from external aggressors such as pollution. Combats pollution and oiliness and leaves hair feeling clean and volumised, extending the time between washes. Hair feels lightweight with a healthy shine and a silky touch. To ensure full benefit wash and condition hair regularly with Dercos Nutrients Detox Shampoo and Conditioner.

Formulated with detoxifying spirulina to absorb pollutant particles, purifying charcoal to intensely nourish and protect the hair fibre and kaolin clay to reduce sebum and add volume. Enriched with Vichy Mineralizing Thermal Water.

Features:

- Purifies hair and scalp
- Increases hair volume

- Suitable for frequent use
- Tested under dermatological control
- Hypoallergenic formula
- No silicone, no parabens

Use:

Spray dry shampoo onto roots to perk up hair between washes. Blend any residue into the roots. Volumise. Use a slim hair brush to further help work the formula into your hair.
