Description

Description:

Oil control shampoo designed to combat excessive sebum-production

Dercos Oil Control Shampoo is designed to combat over-active sebum production and scalp discomfort. Vichy's exclusive anti-sebum complex has a purifying gel texture, with a light aromatic, marine and mint fragrance for an uplifting cleansing experience.

Dercos Oil Control Shampoo combines four carefully balanced and selected surfactants so the scalp is left feeling cleansed, and oil levels are controlled during the day. Hair feels lighter and easier to style.

Features:

- Tested under dermatological control
- Hypoallergenic formula
- Enriched with a UV filter
- No Parabens

Vichy Dercos Oil Control Shampoo

- No Colourants
- Formulated with Vichy Mineralizing Thermal Water

Use:

1. Massage in gently to wet hair, creating a lather
2. Wash out thoroughly with water, avoiding eyes
3. Follow with Dercos Conditioner
