Use:

1. Eau de Zwitsal is best to use after taking a hot shower. This shower ensures that your pores are opened, which is a good basis for an eau de toilette. Hold the spray bottle at a distance of about 20 centimeters and then spray Eau de Zwitsal onto your body. Apply the eau de toilette to one or two areas of the body. Think of the inside of your wrists and the place behind your ears. These are pulse points that emit a lot of heat, which makes the smell smell good all day long
